Macro Pod Cubes

Macropod cube is a complete feedingstuff for a variety of macropods, primarily Kangaroo and Wallaby.

FEATURES:

- Contains complete vitamin and trace element supplement.
- Contains high levels of vitamin E
- Contains a unique, originally patented, natural antioxidant cocktail to help support the animal's own natural defenses, based on natural plant antioxidants such as carotenoids and anthocyanins and helps maintain circulating vitamin E levels

COMPOSITION:

Whole oats, de-hulled soya-bean meal, wheat, wheatfeed, oatfeed, Lucerne, maize, unmolassed beet pulp, barley, fructose, rape seedoil, dicalcium phosphate, calcium carbonate, sodium chloride, magnesium oxide, blackcurrant, rosehip, oregano, pomegranate, beetroot.

Analytical Constituents:

Crude Protein: 15.0 %

Crude Oils & Fats: 5.0 %

Crude Fibres: 10.0 %

Crude Ash 7.5 %

Additional Information:

NDF 23%, ADF 12%, Starch 26%, Sugars 6.0

Calcium 1.1%, Phosphorus 0.65%, Sodium 0.22%, Chloride 0.4, Potassium 0.8

Magnesium 0.25%

Vitamin A 15000 iu/kg, Vitamin D 800 iu/kg, Vitamin E 1240 mg/kg,

Iron 270mg/kg, Iodine 1.25mg/kg, Copper 15mg/kg, Manganese 135mg/kg, zinc 135mg/kg, selenium 0.5mg/kg

FEEDING GUIDE:

Designed to be fed free choice to animals from around 8-9 months of age through adult. Adults typically eat 1-2.5% of body weight on a DM basis.

Adjust food intake to suit life stage, activity and body mass but always adjust feeding to maintain the animals in ideal body condition for their breed and minimize waste.

Ensure that fresh, clean water and grass hay or grazing pasture is available at all times.

Store in a cool dry place and fold down top when not in use

Best Before date 12 months from manufacture

Manufactured in an ISO 9000/2000, registered plant under HACCP control. The manufacturing plant is free from all animal protein sources, all medicinal feed additives and antibiotics and prohibited substances.
